To Listen:

1. Press and hold the **POWER/MENU** (button #7), until the screen lights up.
2. Press the **POWER/MENU** button (#7) again to go to the main menu, then press the **Select** button (the round, white button, #3) to choose **Play Music**. Next, scroll down to **Songs** (scroll down by pressing the **REPEAT/AB** button, #4) and press the **Select** button again. Scroll down to highlight the track you would like to hear, and select it by pressing the **Select** button.
3. The audio track should begin to play automatically. If not, press **PLAY** (button #1).
4. To restart a track, press the **PREVIOUS/FAST REVERSE** button (#2).
5. To **PAUSE**, press button #1. When you're ready to resume, press it again.
6. To turn off the MP3 player, press and hold the **POWER/MENU** button (#7) for a few seconds until the screen is blank. If it fails to turn off, check the **HOLD** switch on the left side of the player. It should be in the off, or left, position.
7. If the MP3 player shuts off, press the **POWER/MENU** button then the **PLAY** button to resume.
